### **Week 1: June 9-13 Animals, Animals, Animals**

Do you love animals? Animals of all kinds are the focus this week, from household pets to barnyard friends, from common to exotic. We will make animal masks, create animal habitats, and even meet some real live animal friends. This is your chance to be wild as we go on safari to hunt for the big game of Africa.

### **Week 2: June 16-20 Pirates on Parade**

Ahoy matey! Who wants to be a pirate? This week we will transform ourselves, and the school, into a pirate playground. Hiding messages in bottles, hunting for buried treasure, and creating pirate costumes and flags for our grand parade are just a few of the can't miss activities for this week. Don't miss this opportunity to create your own pirate name, walk the plank and learn about some real-life ancient and modern pirate men and women.

### **Week 3: June 23-27 Knights and Queens**

The mediaeval days of castles, dragons, lords and ladies are the focus of this week. This is your chance to create your own armor and weaponry, to build a castle, and fashion a life-size dragon. Afterwards we will use our creations to arm ourselves, and battle to save the royal princesses.

### **Week 4: June 30- July 4 Good Old Fashioned Summertime**

Remember the good old days? So do we! This week we will look back to our childhood when kids spent the summer running through sprinklers, playing hula-hoop and hopscotch and capture the flag, and generally making a big mess outdoors. Making mud pies, playing in baby pools and hand-cranking ice cream are just a few of the other good old-fashioned activities we'll do this week.
